

CHARGES FOR BUILDING REGULATION APPLICATIONS IN FAREHAM AND GOSPORT BOROUGHES FROM 1ST OCTOBER 2010

Non Domestic Extensions, New Build and Alterations

The charges for Building Regulation work are required to cover the cost of providing the service. There are two methods of establishing the charge for building works:

1. Standard Charges
2. Individually Determined Charges

The charges for the majority of domestic extensions and alterations are Standard Charges and are listed in the attached tables. If the charge for your Building Regulation work is not listed as a Standard Charge it will be an individually determined charge.

Application Types

- **Full Plans Applications** – Where detailed drawings are being deposited the plan charge plus VAT must accompany the application. The inspection charge will be invoiced after the first inspection.
- **Regularisation Application** – For work that has already been carried out without Building Regulation consent. Please contact the Building control Partnership for advice on charge levels

Payment Details for projects in either Fareham or Gosport – Cheques should be made payable to 'Fareham Borough Council' Payment may also be made by cash or debit card.

Reduction in Plan Charges

- Repetitive work may attract a reduction of 25%
- Multiple works – Multiple types of extensions and alterations – where for example separate alterations are carried out to the same property at the same time as an extension a 50% reduction of the lower inspection charge may be given.

Exemptions – works provided for the sole purpose of providing access, accommodation or facilities for disabled persons relating to dwellings and public buildings do not require any application charge.
